

# AGS 3026

## WHEAT

### 2023 OFFICIAL UNIVERSITY TRIAL RESULTS

- Florence, SC @ 107.9 Bu/Acre
- Union, NC @ 106.7 Bu/Acre
- #10 North GA Avg. @ 96.4 Bu/Acre

### MANAGEMENT CONSIDERATIONS

- Medium/Late Maturity
- Moderate Vernalization Requirement
- Improved Disease and FHB Tolerance
- Top End Yield potential

### AGRONOMIC CHARACTERISTICS

Test Weight	Very Good
Relative Maturity	Medium/Late
Straw Strength	Good
Vernalization Requirement	Moderate
Awned	Yes
Plant Height	Medium

Data taken from Official University Trials on Released Varieties

### DISEASE & PEST RESISTANCE

#### Leaf Rust

#### Stripe Rust

#### Glume Blotch

#### Powdery Mildew

#### Barley Yellow Dwarf (BYD)

#### Soil Borne Wheat Mosaic (SBWM)

#### Hessian Fly

#### Fusarium Head Blight (SCAB)

Fair                      Good                      V. Good
